

# YIC GACM 2015

3<sup>rd</sup> ECCOMAS Young Investigators Conference  
and  
6<sup>th</sup> GACM Colloquium on Computational Mechanics

Aachen, Germany, July 20-23, 2015

# Call for Papers

## Target Audience

Although the target group of the YIC GACM 2015 are young researchers (under 35 years of age), senior scientists are welcome as well.

## Important Dates

Minisymposia submission deadline:	October 24, 2014
Abstract submission deadline:	January 16, 2015
Notification of abstract acceptance:	March 6, 2015
Early registration deadline:	May 15, 2015

## Registration Fees

The registration fee for attendees amounts to 150 € (if received before May 15, 2015) and 200 € otherwise. The registration fee includes the proceedings, lunches, coffee breaks, reception, banquet and a variety of social events.

The YIC GACM focuses on bringing together young researchers to discuss, learn, and collaborate. Contributions to any topic of scientific interest within computational science and engineering are welcome. The main areas, however, are the following:

- Computational Applied Mathematics,
- Computational Engineering Science,
- Computational Fluid Dynamics,
- Computational Materials Science,
- Computational Solids and Structural Mechanics,
- Scientific Computing.

As a conference designed by young researchers for young researchers, we will offer a variety of highlights such as a Science Slam, Journal Club, and numerous social events. In addition, we will host the ECCOMAS Ph.D. Olympiad of 2015.

We are very happy to be able to announce that the event will be held in direct sequence with the AC.CES conference ([www.ac-ces.rwth-aachen.de](http://www.ac-ces.rwth-aachen.de)), organized by the graduate school AICES of RWTH Aachen University. In contrast to the YIC and the GACM colloquium, the concept of the AC.CES is based on invited speakers with high international recognition in their particular fields.

## Congress Chairmen

Stefanie Elgeti (CATS)

Jaan-Willem Simon (IFAM)
